

HOW TO HEAR THE CALL TO JOY

“When the ego was made, God placed in the mind the Call to joy.
This Call is so strong that the ego always dissolves at its sound.”

So what is the catch? Most of us want to be happy—or claim we do. Then what is preventing you from hearing the Call to joy? ... It is your belief in the separate self; it is your belief that you are the body. Happily, “God has given you the means for undoing what you have made. Listen, and you will learn how to remember what you are.”

Let us sit together in Truth, *satsang*, and open our minds to our True Identity. “In this decision lie joy and peace and the glory of creation.” If you are sincere about questioning every belief you have ever held, you will allow *satsang* to burn away what you are not and reveal the Light which is always within you. In a powerful hybrid of *A Course in Miracles* special relationship work, Gestalt psychotherapy, and yogic self-inquiry, you will have a chance to sit in the “hot seat” and accelerate the undoing process that leads you back to where you already are.

“Heaven itself is reached with empty hands and open minds, which come with nothing to find everything and claim it as their own. We will attempt to reach this state today, with self-deception laid aside, and with an honest willingness to value but the truly valuable and the real.”
